BRONZE BUTTERFLIES

JUST THE BEGINNING OF A TIMELESS TRIBUTE

Cold Spring Memorial Group introduces its new bronze butterflies! The perfect additions to our **cremation memorial products**, five innovative designs help families to uniquely honor the memory of their loved ones.

There is a powerful symbolism associated with a butterfly. The butterfly is seen as a symbol of transformation, of resurrection and celebration. Many religions view the butterfly as a symbol of the soul, and other cultures see the butterfly as a sign of good luck, beauty and honor.

With this new memorial option, we're incorporating a beautiful and meaningful image with a final timeless tribute to a family's loved one.

"What the caterpillar perceives as the end, to the butterfly is just the beginning."
